Subject: FW: North Park Snowmobiling

If any of you are planning on attending the CSA convention this might be a good idea. I already booked a motel room for Sat. night but I would be willing to share this house if anyone wants to do it. There might be a problem with only getting it for one night instead of the entire weekend. The North Park Inn had a 2-night minimum. I got a room at the Chedsey Motel.

Mary,

My name is Matt Anderson and I manage North Park Anglers, a fly shop in Walden, CO. The reason I am writing you is to tell you about a rental house that we offer for nightly and weekly rentals in Walden. It is a 3 Bedroom, 2 ½ Bath fully furnished home that is very affordable and comparable to motel rooms but you get all the amenities of home. The rates are only \$125 for 2 people and \$25 for each add'l person and it can comfortably sleep up to 6 adults. We are offering a %10 discount to any CSA members. This is a great set up for a family or group of friends coming up to Walden to snowmobile. We are just trying to rent it out more in the winter months and have joined the Snow Snakes club in Walden. I wanted to let you know about the accommodations we offer and would really appreciate if you could mention this to the other members or anyone you know that might need a place to stay on their next adventure in North Park. If you would like any additional information such as brochures and business cards please let me know ASAP and I could get some down to you. Follow this link to check out the retreat, <http://northparkanglers.com/retreat.php> Thank you very much for your time and hopefully we'll see you in Walden soon! This would be a perfect place to stay for the several events we have going on this winter in Walden like the CSA convention, Poker Run, and Snow Cross race. If you have never been to Walden snowmobiling there is an endless amount of trails and riding opportunities from Rabbit Ears Pass, Cameron Pass, Buffalo Pass, Independence Mountain, Colorado State Forest, and the list goes on. If you would like more info I have some maps and articles that I could send you via e-mail.

Thanks, and by the way the snow is starting to pile up here and it's not gonna go anywhere with as cold as its been!

Matt Anderson
